CAPABILITIES

Wolseley Industrial Group is a leading supplier of competitive solutions to the global industrial market. We operate many well known businesses, each of which holds a leading position in its respective market. Our mining division is organized to provide broad capabilities to national and international customers involved in the Metals & Minerals industry. These capabilities include Industrial Distribution/PVF, Integrated Services and Industrial Distribution – MRO/MROP. Our experience and knowledge in the mining industry provides our customers with peace of mind delivering “Trust earned through performance.”

CAPABILITIES

Industrial Distribution/PVF

Valves stocked to meet your applications – Slurry, Corrosion, Abrasive, Sulfuric Acid Mineral Leaching, Tailing Disposal, High Pressure, Steam and Hot Water, Molten Sulfur, Acid Gas/Tail Gas, Back Pressure, Valves, Control Chocks, Pump and Compressor Discharge, High Temperature/Abrasive, Closed Vent Sampling, Autoclave Technology, Large Diameter Pipeline Valves, Acid Gas.

Actuation centers throughout North America providing rapid turn-around for Pneumatic, Electric and Hydraulic packages (quarter turn and linear) with instrumentation and controls.

Support services provided with our packages include technical assistance for proper installation, material test reports, local and on site support, drawings of automation assemblies, testing to customer specifications with documentation and valve tagging for identification and traceability.

Engineered Products

Fuel and Petroleum Measurement and Fluid Handling Products to meet your application for measurement, liquid transfer, safety and access equipment, injection systems, ground overfill protection and gauging systems manufactured by industry leaders FMC Technologies, Emco Wheaton, Cameron, Civacon, Safety Rack, Varec and Chemtec.

Engineered Piping Systems – HDPE: total solution for high density polyethylene applications, Teflon lined steel pipe and fittings lined expansion joints for acids and caustic applications, ¼” to 3” carbon and stainless steel fittings with 100% leak tight joints (replaces the need for welding).

Turn-key Solutions

HDPE

Custom fabrication up to 120”, abrasive reduction solutions, holding tanks, manholes, splitting chambers plus additional custom solutions upon request supported by the following services: application consultation and problem resolution, application and installation training, CAD design, buried and surface installation, qualified welding upon request and fusion equipment sales and rental with technician support and maintenance across North America.

Our success as “value added suppliers” is credited to our involvement with “our customers”.

SOME OF OUR VALUED CUSTOMERS

AMEC	Freeport-McMoRan	Minsur
Asarco	Copper & Gold Inc.	Northgate Minerals Corporation
Barrick Gold Corporation	GYM SA	Peabody Energy
Bechtel	Goldfields La Cima	Potash Corporation (PCS)
BHP Billiton	Gold Corp Inc.	Rio Tinto
Buenaventura	Golder	Rio Tinto Alcan
Cameco Corporation	Hatch	SNC Lavalin
Cleveland-Cliffs Inc.	Hecla Mining Company	Solvay Soda Ash
Coeur	Jacobs	Southern Peru Copper Corp
Consol Energy	Kinross Gold Corporation	Stillwater Mining
Denison Mines Corp.	M3 Engineering	Teck Cominco
DeBeers	Massey Energy	Thompson Creek Mines
Elk Valley Coal	Minera Antamina	United States Steel Corporation
FMC Chemicals	Minera Atacocha	Vale Inco
Fluor	Minera Cerro Verde	Wardrop
Foundation Coal Holding, Inc.	Minera Escondida	Xstrata Falconbridge
	Minera Yanacocha	Yamana Gold Inc.

PRODUCTS AND SERVICES

PIPE & FITTINGS

Carbon Steel, Stainless Steel, Chrome Moly, Nickel Alloy, Titanium, Teflon Lined, Coated Rubber Lined, HDPE, PVC, CPVC, Spool Pieces

VALVE TYPES

Gate, Globe, Check Ball, Butterfly, Plug, Diaphragm, Pinch, Knife Gate

VALVE MATERIALS

Carbon Steel, Stainless Steel, Special Alloys, Composite, Plastic, Cast Iron, Ductile Iron, Bronze

VALVE ACTUATION

Pneumatic, Electric, Hydraulic, Actuation Controls, Accessories

METAL SPECIALTIES

Strainers, Filters, Relief Valves, Gauges, Spargers, Traps, Dampers & Steam Specialties

PLASTIC SPECIALTIES

HDPE Fittings, Fabrication, Fusion Equipment and Accessories

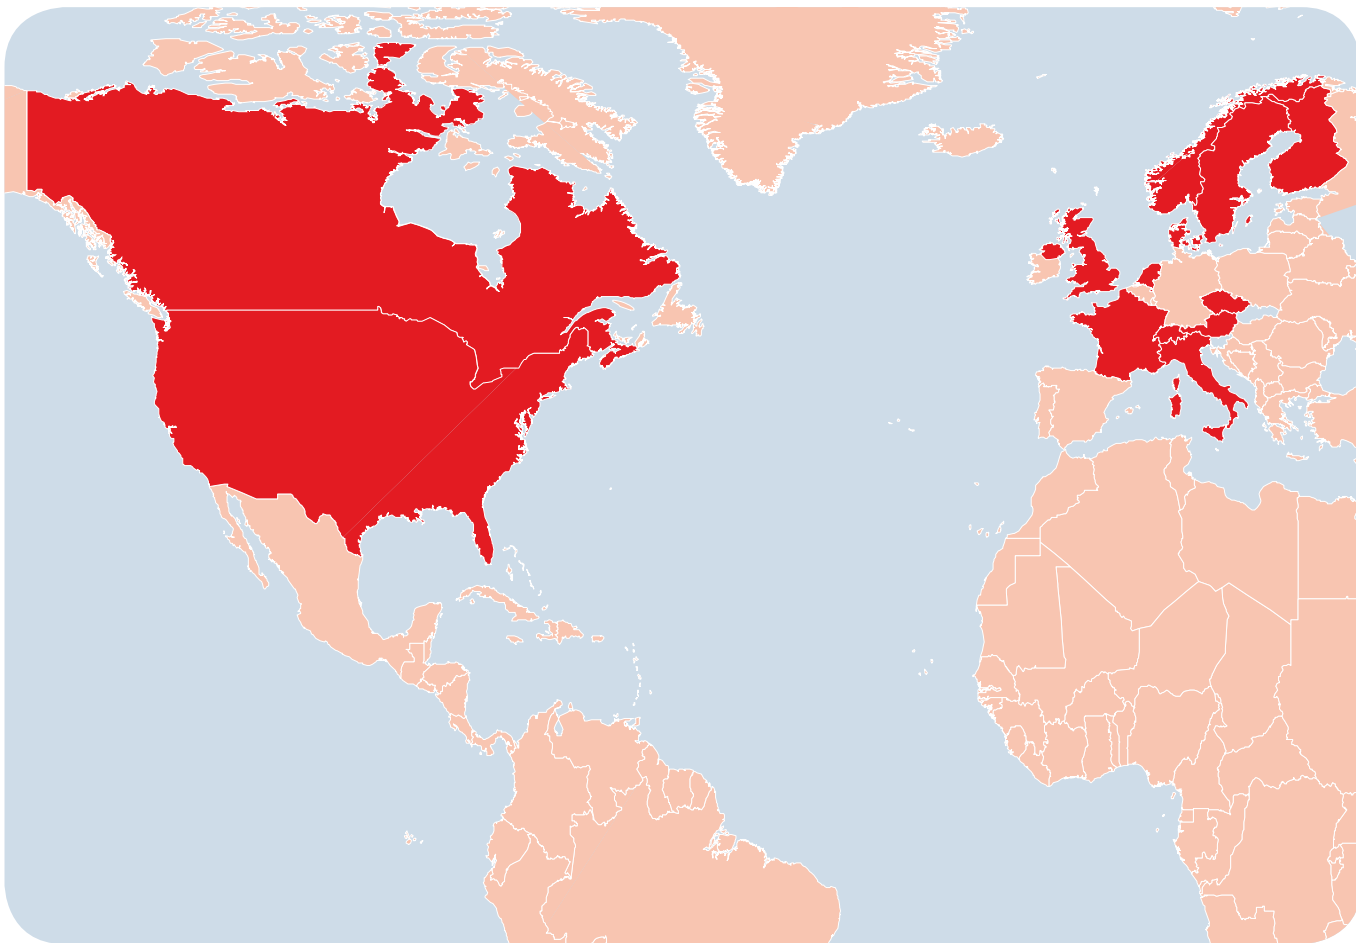

MANUFACTURERS REPRESENTED

ABZ	GRINNELL	NEWWAY	SSI
APOLLO	GROVE	NIBCO	STOCKHAM
ARMSTRONG	HAMMOND	NILCOR	SURE SEAL
ASCO	HAYS	NORDSTROM	TLV
BONNEY FORGE	HAYWARD (EATON)	OIC	THERM-O-TECH
BRAY	HILTON	ORBINOX	TITAN VALVE
CENTERLINE	I.P.F.	OPW VISIFLO	TRICENTRIC
CENTRAL PLASTICS	ITT	PBM	TRUELINE
CLA-VAL	JM EAGLE	PBV	TYCO
CLARKSON	JAMESBURY	PERFORMANCE PIPE	URECON
CONBRACO	KWH PIPE	POLY PIPE	VELAN
COOPER ALLOY	KENNEDY	PRATT	VICTAULIC
CORFLEX	KEYSTONE	PROCO	WL PLASTICS
CRANE	KUNKLE	PROQUIP	WALWORTH
DFT (DURABLA)	L&M	RF VALVE	WIKA
EVERLASTING	LAROX	RP&C	WKM
FNW	MCELROY MFG	RED VALVE	WINTERS
FAIRBANKS	MERIDIAN	ROVALVE	XOMOX (TUFLINE)
FFE MINERALS	MILLIKEN	SAUNDERS	ZWICK
FLOWSEAL	MUELLER	SPIRAX SARCO	
FRISCH	NEWCON	SCV	

*Please contact us directly to determine representation in your area.

VALUE ADDED SERVICES

- CAD Design Services
- EDI and XML Compatibility
- Emergency Service Commitments
- FM Rating – HDPE fittings
- Fusion Equipment Rental, Repair and Service
- Fusion Technical Training
- Grooved end pipe systems
- HDPE Fabrication
- National Account MRO Programs
- Pipe Coating and Insulation
- Pipe End Preparation
- Quality Assurance ISO 9001:2000
- Total Project Solutions

Contacting The Wolseley Industrial Group — Mining Division

Accessing our broad network of services and locations is made simple by making an initial phone call and or email to our business development personnel.
